Why choose Heathland Group?

MASTER SERIES DORAL AND DOUBLE EAGLE FOUNTAIN IN NOTTINGHAM

SELECT SERIES 2 SUPER LILY FOUNTAIN IN ESSEX

From our extensive range of aeration equipment that cleans and purifies to the breathtaking water displays created by Europe's largest range of water fountains, Heathland Group makes water come alive!

Ponds, lakes, reservoirs, fisheries, and waterways are our business

Heathland Group offer an elite range of water fountains, lake and reservoir aerators, pond and lake dyes and algae treatments, across the UK and Europe. We have over 30 years' combined knowledge and experience in the management of lakes, ponds and reservoirs, both large and small.

Perfection, quality, and attention to detail mean we are able to supply our clients with the perfect bespoke solutions, as opposed to a 'one size fits all' approach. Our first-class installation service by our skilled aquatic engineering team coupled with the high-quality products we supply is the key to our success, unsurpassed in the marketplace. Choose our expert installation service, or if you'd prefer to install yourself, we'll have the products delivered to you and we'll always be on hand to offer first class support should you require it.

Based in Norfolk, we supply all parts of the United Kingdom, allowing us to deliver cost-effective solutions to any client. All our products are available for "supply only" or "supply and installation" across Europe.

Heathland Group is proud to have an extensive client base ranging from aquatic management service providers, schools and universities, local councils, hotels and holiday parks, golf clubs, fisheries and of course many homeowners all over the UK and Europe.

VOLCANO III AERATOR IN ESSEX

Pond and lake fountains for commercial and domestic use

We have spent many years developing the relationships that are key to providing the very best engineered water fountains and lake and reservoir aerators the global market has to offer. Strength, reliability and low maintenance are key aspects to our product range that now provide breath-taking water displays to many homes, business parks, golf clubs, shopping centres and other venues. Our standard units are able to create water heights from 0.5 metres to over 40 metres but it doesn't stop there with our specialist units capable of going beyond these normal limits.

Pond and lake aerators for commercial and domestic use

We have a large range of pond, lake and reservoir aerators designed to provide oxygen-rich, stable environments for any waterway. We can provide the client with their exact requirements whether you're a small fishery or a larger commercial lagoon or reservoir. Our standard range includes a variety of surface aerators, mains operated diffused aerators and solar diffused aerators. We also supply a range of aerating fountains that are designed to provide stunning displays while also aerating, achieved by their high flow volumes.

DELMAR FOUNTAIN AND AIRPRO 4 AERATOR IN SHROPSHIRE

Bespoke and custom fountain and aerator builds

All our water fountains and aerators are available as a custom build, designed exactly for your requirements. We offer a full design, costing and build package for aerators and fountains along with specialist installation if required.

Heathland Service Centre

Everything supplied by our company is maintained and serviced in-house. Items can either be shipped directly back to our service team or if you prefer, we also supply onsite servicing.

Pond and Lake Treatments

We are the preferred Oase Water Treatment Professionals for the UK. Providing specialist treatments for string algae, blue green algae, aquatic weeds, and sediment reduction.

We strive to provide exceptional results for every budget and requirement, backed up by our industry accreditations from BALI, Constructionline, Contractors Health and Safety Assessment Scheme and Safe contractor.
