

For the hotel industry

New stonelamps from HH LUX in elegant and exclusive stone like marble, granite, slate and sandstone. New products in polished marble and hand-painted lampshade in rust color.

NEWS from HH LUX

Unique pendant lamp with slate.
Raw and elegant at the same time.

We do customized solutions.

LED light source is included in all our products, so we are sure of a low energy consumption by the consumer.

For the hotel industry

HH LUX works with a green profile and sustainability. We do believe in the classic and unique craftsmanship, the good Danish quality and the fact that each lamp is unique because it is handmade and because we work with natural stone.

NEWS from HH LUX

Raw and beautiful pendant lamp in concrete.

All lampshades handcrafted and made in Denmark.

We do customized solutions.

For the hotel industry

Our lighting range uses contemporary design to showcase the quality of the materials, and natural variations in the stone means each lamp is unique.

NEWS from HH LUX

Pendant lamp and table lamps in sandstone.

Warm and beautiful light with amazing details.

We do customized solutions in size, shape and colors.

LED light source is included in all our products, so we are sure of a low energy consumption by the consumer.

For the hotel industry

While we offer a range of designs, we can also make custom lighting to suit your needs and specifications.
