

# Comfort Flow Anti-Fatigue Non-Slip Mats

Constructed of 100% high density nitrile rubber for use in wet or dry conditions. Superior in grease and oil resistance than other 'grease proof' mats. Flow-through design allows water and debris to escape away from the feet.

## Features and Benefits

A. Lighter in weight for easier handling. Fully launderable mat that performs great as an anti-fatigue mat and as a flow-through mat in wet or dry environments.

B. Constructed of 100% high density closed cell nitrile rubber cushion which is far superior in grease and oil resistance than other "grease proof" mats.

C. Provides excellent anti-fatigue properties for added employee comfort and improved ergonomics, improving employee morale and productivity.

D. Meets all standards set in the Americans with Disabilities Act.

E. Low profile, 7/16 inch thick, and slip-resistant surface reduces slip and fall accidents. Non-skid backing keeps mat in place.

F. Anti-microbial Treated - The anti-microbial treatment guards against degradation from micro-organisms and minimizes mats being a source of odours.

G. Certified Slip Resistant by the National Floor Safety Institute. H. Comfort Flow mats are ideal for:

## Comfort Flow mats are ideal for:

- Kitchens
- Behind bars
- Food processing areas
- Work stations
- Heavy Industrial Anti Fatigue
- Machine shops
- Walk in freezers
- Wet areas

## Colour available:

Black

## Sizes available (cm):

58 x 86      86 x 142

86 x 277      114 x 175

**Construction:** 100% closed cell Nitrile rubber cushion

Mat Height: 11mm

ESD Classification: Electrically Conductive

Surface to Ground:

50% Relative Humidity 3.7 x 10<sup>8</sup> Ohms

12% Relative Humidity 4.5 x 10<sup>8</sup> Ohms

Surface to Surface:

50% Relative Humidity 9.1 x 10<sup>8</sup> Ohms

12% Relative Humidity 9.5 x 10<sup>8</sup> Ohms
