CBD TEA TRADE BROCHURE

TEA, BUT SO MUCH MORE

GOOD TO KNOW

In the beginning...

Tyler and his father Dave started Edensgate in 2018 with one mission – To show the world the benefits of CBD through the most enjoyable applications.

Tyler is a trained wellness enthusiast and has travelled the world sourcing all kinds of modern applications for nature's best kept secrets! After working for in the wellness industry for years, they had realized taking pills or capsules was becoming a thing of the past, and users were wanting fun applications to encourage a healthy daily lifestyle.

After some discussion (and 3 cups of tea!), they realized what better way to incorporate CBD & vitamins into your everyday routine than through a beloved brew... And so Edensgate CBD Teas were born.

Edensgate Today...

Why Us?

Fast forward to today, we're paving the way for the CBD tea industry. In only two years we've gone from product launch to the number 1 recognised CBD tea brand in the UK and its no surprise why!

We pride ourselves in having the highest dose of water soluble CBD in our tea bags compared to any other CBD tea brand. We're also the only company to combine CBD tea with specific vitamins for an array of health benefits. Not to mention our high quality raw hemp also gives our teas a bigger punch!

QUALITY

QUALITY

We only sell tea of the best quality. Big on flavour with a unique blend of water soluble CBD with specific vitamins. Formulated for maximum potency & effect in every cup.

SUSTAINABILITY

SUSTAINABILITY

We source from sustainable, well run tea farms only. We use 100% biodegradable tea bags suitable for commercial compost collection, with recyclable packaging for our whole range.

COMMUNITY

COMMUNITY

We are a partner of 'Trees For The Future' charity. Planting trees to offset the paper used in our products, and helping improve the lives of less developed communities with every cup

The Edensgate Team

Provided we've had our morning CBD cuppa, we're friendly, down to earth and here to help always!
