

A photograph of a hallway with a black and white checkered floor. On the left, a dark wood side table with gold leaf accents holds a vase of red flowers. In the foreground, a black trash can with gold leaf accents and a ring handle sits on the floor. The hallway leads to a doorway with a framed picture above it. To the right, a staircase with a dark wood railing is visible.

A BESPOKE SERVICE

Must Have Bins are a room accessories design studio based in London. We work with luxury boutique hotels and their design teams to ensure the hotel is supplied with functional room essentials that compliment the chosen decor style and branding, contributing to a perfect guest experience.

Our handmade accessories are available in a range of luxury materials, including wood, metal, leather, steel, inlay, rattan, cut crystal, fabric and attractive faux animal finishes. We can provide bespoke designs that compliment your colour scheme, reflect your branding and complete a space.

We'd be delighted to talk through how we can help with your hotel room design. We look forward to the opportunity of working together.
