THE HISTORY

Gordon Castle was the home of the Gordon clan whose lineage dates to the reign of King Robert the Bruce in the 14th Century.

The Cock o' the North, the 5th Duke of Gordon, was the driving force behind the legalisation of whisky distilling in 1823.

More recently in the 1960s and 1970s, The Walled Garden was a commercial fruit farm for Baxters, producing 70 tons of raspberries a year.

PURE & KIND

Crafted by specialists with pure, natural, essential oils from the plants and flowers grown in The Walled Garden, the collection is never tested on animals. There are no artificial fragrances, colours, parabens, glycols, sulphates or petrochemicals in any of the products, and the candles are hand poured with 100% natural wax.

AWARD-WINNING PRODUCTS...

Botanicals, fruit and barley from The Garden are ingredients in the award-winning gin, gin liqueurs, Scottish Cider and Ghillies Ale.

...FROM THE AWARD-WINNING GARDEN

Established in 2014, Gordon Castle Scotland now produces over 300 lifestyle products, all of which have their roots in this magical place, Historic Houses Garden of the Year 2021. Steeped in Gordon Castle's history, these luxury goods are unique.

FAMILY OWNED & INDEPENDENT

Every creation stems from the abundance of herbs, fruit and flowers grown in one of Britain's oldest working walled gardens, the inspiration for this family-run Scottish brand. The lovingly made, natural products support the restoration of this enchanted garden, sustaining the cycle.

SUSTAINABILITY

Gordon Castle Scotland is passionate about sustainability and using as much of The Garden's produce as possible. All packaging is biodegradable or made from recycled materials. Once packaging is used on-site, it is put in The Garden's composter, broken down then added to the soil, nurturing more growth. Moving away from using plastic altogether, a refillable glass range has been developed. Bottles can be engraved with a logo or personalised message, such as the example on page 8.

SOCIAL RESPONSIBILITY

Gordon Castle has a role in growing the local economy, employing over sixty people. Working closely with Moray, they develop and empower young people, volunteers and craft producers to enhance the region's economy and community.

Serve over ice with fresh lemon, lime, mint and premium tonic...

This sophisticated gin liqueur has been crafted using our very own variety of Gordon Castle plums grown amongst the 259 historic espaliered trees lining the garden walls.

Serve neat on ice or over hot apple crumble

RASPBERRY GIN LIQUEUR

Rich in flavour from our Walled Garden raspberries, this is one of our most popular gin liqueurs. Perfectly sweet and gently ripened by the Scottish sun.
