

## *Suiting*

---

As a long standing valued and trusted supplier of suiting, we believe that performance starts with good quality and workmanship. Using re-cycled fabrics, washable at 30 degrees, our extensive collections are designed to meet the most demanding of applications.

We ensure that we keep our ranges current and work hard to preserve the longevity of our styling so that we can ensure continuity of supply.

JOHN MARKS is committed to supplying responsible environmentally sustainable suiting collections.

TO COMPLEMENT our suiting collections we offer a truly varied shirt and blouse range. This more than extensive collection – from fine 100% cotton to a poly cotton mix, print or plain - has a large colour palette, with well over a 100 classic or modern styles from which to choose at different price points.
