OUR PROCESS

THE BETTER WAY TO DRY

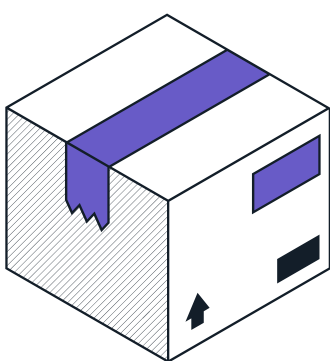

STEP 1 - CONTACT US

Contact our Expert and start learning about how Easydry can bring you both environmental and financial savings

STEP 2 - ORDERING

Easydry will advise on the best package to suit your needs and tailor your price and delivery options.

STEP 3 - PRODUCT

Easydry products are manufactured in hygiene grade facilities and packed in compostable and FSC approved packaging, they are kinder to the skin and hair and are 3 x more absorbent than cotton towels.

STEP 4 - USAGE

Our high performing compostable products elevate guest experience, be it by in the room, bathroom, by the pool, gym or spa

STEP 5 - START SAVING

Reduce towel storage space by up to 4 times. Never worry about attrition expenses again! Significantly reduce time and cost of laundry, drying, ironing and folding of towels!

STEP 6 - MAKE AN IMPACT

By adopting the Easydry product range your Hotel can significantly reduce Co2 emissions, Electricity usage and Fresh Water wastage.
