CERTIFIED SUSTAINABILITY

B-Corp Certified

As a B Corp, we meet rigorous social and environmental standards, ensuring that our products not only meet the highest quality but also contribute to positive social and environmental impacts. Choose Easydry for towels that go beyond excellence – supporting a brand dedicated to making a meaningful difference in the world.

Certified

Corporation

FSC Certified

This certification ensures that our towels are sourced from responsibly managed forests, contributing to environmental conservation and social responsibility. By choosing Easydry, hotels and guests not only enjoy top-quality products but also support a brand dedicated to making a positive impact on the planet.

TUV Home/ Industrial Compost Certified

Reflecting our dedication to sustainable practices, our towels are designed to break down efficiently in composting environments, minimizing environmental impact. Choose Easydry for towels that not only meet high-quality standards but also align with your eco-friendly lifestyle, contributing to a cleaner, greener planet.

Seedling Certified

This certification verifies that our towels are compostable and contribute to the growth of new plants. When you choose Easydry, you're not just getting high-quality products – you're supporting a brand that actively participates in creating a eco-friendly, more sustainable future.
