FAT HAMMOCK

The fattest and most comfortable hammock in the world – so big, so thick and so soft that it is just like a real bed. Pure luxury for the garden!

The extra-thick, water-repellent and rapidly drying upholstery is your guarantee of perfect relaxation. The highly durable Agora cover is as soft as cotton, but it is exceptionally light-resistant (light fastness 7/8) and weatherproof. It is also water-repellent, proof against mildew, insensitive to dirt and easy to clean.

Can be used on both sides – just turn it over, and there you are! With detachable cushion (washable).
