Our Sustainability Certifications

Explore

The Aviation Sustainability Forum (ASF) is a not-for-profit organisation whose mission is to make air travel more sustainable.

Buzz has supported this organisation by providing funding for the delivery of ASF Project 1, which addresses issues with international cabin waste.

EcoVadis is an online rating platform that provides sustainability ratings to allow organisations to evaluate and measure their own, and their suppliers, sustainability performance.

Buzz has achieved a silver rating and awarded a Silver EcoVadis Medal for Buzz Export Services Pty Ltd.

Buzz has partnered with CRI so that we can provide low and net-zero carbon products. CRI analyses the carbon emissions of both our products and their delivery from factory to customer, and provides us with carbon offset options. We use these findings to design lower carbon products, and to offer the option of net-zero carbon products.

Sustainable Essentials

Discover our edit of premium everyday essentials, designed with our signature craftsmanship, attention to detail and with sustainability at its core.

Our Sustainable Essentials collection is available in 3 ranges; Kraft Autopack, Premium White and Premium Black.

Positive Design

With a sustainable lens, we create thoughtful products that give back to the planet in a positive way.

The packaging for all three Travel Dry Amenity collections is recyclable and made from FSC Certified Paper and printed with soy ink.

Recyclable

FSC Certified Paper

Printed With Soy Ink

Bamboo
combs

Bamboo
hairbrushes

Bamboo
toothbrushes

Bamboo

Bamboo

To reduce the reliance on plastics altogether, we offer natural alternatives such as Bamboo.

Bamboo is naturally harvested, durable and perfect for ancillary items.

Bioplastic
shower caps

Bamboo
razor

Better Plastic

Better Plastics

To reduce the reliance on virgin plastics, we offer better plastic alternatives such as bioplastic (made from cornstarch) for our shower caps; to bamboo for our razor handles.

Alternative
paper
packaging
